SHERIFF IS FAVORITE OFFICE

SEVERAL CANDIDATES ARE NOW IN FIELD AND KEEPING ROAD HOT.

INTEREST IN PRIMARIES

No Less Than Half a Dozen Men Aspire to Secure Nomination On Democratic Ticket—Nomination Equivalent to Election.

There is something doing in Democratic circles in Cochise county.

No less than half a dozen candidates are aspiring to become the next sheriff of Cochise county, and propose to take the short cut in this direction by being nominated on the Democratic ticket.

Two avowed candidates for this office were in Bisbee yesterday. They were Joe Larrieu, of Fairbank, and Jim Heron, of San Pedro. Mr. Larrieu has just completed a short tour of the county, including Tombstone, Benson, Fairbank, Naco, and from here will go to Douglas before returning to Paradise, where he is at present making his home. Mr. Larrieu was seen last evening by the Review, and stated that he was in the fight to stay, and was ready to try conclusions with all comers.

"I want the nomination on the Democratic ticket," said Mr. Larrieu, "and intend to conduct a vigorous campaign for the nomination from now until the convention meets. I have no fight to make except my own, and if I fail in the nomination I will be in a position to turn in and support the Democratic ticket from top to bottom." Mr. Larrieu and Mr. Heron are by no means the only names mentioned in connection with the nomination. Dell Lewis, the present incumbent, has announced himself as a candidate for re-election. Word comes from Tombstone that W. K. Meade has the bee buzzing in his bonnet, and that J. N. Guiney is also being urged by his friends to make the race. In Bisbee James Harrington's name is mentioned, also Stewart Hunt, and taken all in all the Democratic convention that meets in September will not have to shell the woods in order to find plenty of available timber.

For the other county offices the name of Chas. Wallace is often heard in connection with the office of Probate Judge, and Frank Hare, the present incumbent of the Recorder's office, is quoted as being a candidate for Treasurer.

James Howell, a member of the last legislature, is also mentioned in connection with the Sheriff's office. It is generally conceded that Douglas will present more than one name for the office of Supervisor, and that Pearce, Wilcox and the eastern end of the county will demand recognition on the Board.

It may be announced that the campaign for nominations on the Democratic ticket is on in earnest now, and until the convention meets the several aspirants will be seen in evidence quite often.

Word comes from Benson that Steve Romer is not adverse to the nomination for the Council.

On the Republican side M. Doyle, Capt. Rynning and J. G. McCabe are mentioned as likely candidates on that ticket for the office of Sheriff.

Up to the present writing no steps have been taken looking toward calling the committee together for the purpose of apportioning the delegates and setting a date for the primaries, and it is not likely that this action will be taken before some time in August. It has not yet been decided when the territorial convention will be held for the purpose of nominating a Delegate to Congress, and it is likely that if the dates will permit, the Cochise county convention will be called for the double purpose of sending delegates to the territorial convention and at the same time making nominations for county offices.

The more the merrier.

Two Men Injured Perhaps Fatally

EMMETT GANNON AND TOM CASSIDY IN HOSPITAL FROM RESULTS OF SERIOUS INJURIES.

Yesterday at about noon two accidents that may result in the death of two men occurred. One of the accidents happened underground, the other on the railroad.

Emmett Gannon, a well known young man, in the employ of the Copper Queen, was working in one of the drifts in the Holbrook mine putting in timbers, when a rock becoming dislodged fell, striking him in the back,

Tragic Death of FOREMAN F. H. BALL at Santa Monica

BROTHER-IN-LAW OF JAMES SUITS OF THE EL TIGRE GOLD MINE.

Killed By Electric Car in Santa Monica While Riding Home on His Bicycle. His Son Was at the El Tigre on His Vacation.

(Special to Review.)

E. D. Suits and J. E. Suits received the sad intelligence yesterday of the tragic killing by an electric car at Santa Monica, Cal., of their brother-in-law, Fred H. Ball, a prominent Odd Fellow, well known to a number in this city.

One of the saddest features of the coming of the news to this city was the necessity that arose of notifying the eldest child of the dead man of the sudden passing of his father. The lad, Leonard Ball, aged 15, is the eldest of three children with their mother surviving the father. Leonard came here recently to spend a vacation at the Tigre mine. It was there that word of his father's death was taken to him. He will arrive in this city this evening en route to California. The Los Angeles Herald received here today gives the following account of the accident:

While crossing the tracks of the Los Angeles Pacific railway on a bicycle, at the corner of Seventeenth street and Oregon avenue, Santa Monica, about 12:30 o'clock yesterday afternoon Fred H. Ball, one of the best known citizens of the beach resort, was struck by an east bound car and dragged underneath the wheels for a distance of 100 feet. His body was terribly mangled, and he died a few minutes after the accident occurred. The deceased was a prominent official of the Santa Monica Lodge of Odd Fellows.

Mr. Ball was foreman at Port Los Angeles, and was returning to his home at the corner of Nineteenth street and Oregon avenue when he was killed. He was struck in the head by the front end of the car.

Mr. Ball had been riding behind a west bound car, which stopped at Seventeenth street to let a passenger off. It is thought that he was not noticing the other tracks and just as he turned his wheel to go out Seventeenth street he was hit by the eastbound car, which, according to witnesses to the accident, was running fast.

When the car under which Ball had been rushed finally stopped, several of the passengers rushed to the unfortunate man's assistance and an ambulance summoned. He breathed his last while being taken to the hospital.

Prominent Cattleman From the San Rafael

FRANK PROCTOR, OF CANANEA, VISITED BISBEE YESTERDAY—REPORTS GOOD CONDITIONS AT THE SAN RAFAEL.

Frank Proctor, of Cananea, and one of the heavy owners in the Greene Cattle company, was in Bisbee yesterday. Mr. Proctor was the original meat market and saloon man of the Greene camp, and by his keen judgment in staying with the Cananeas through the dull times, when it was not known whether Cananea would be a camp or not, and when money was very scarce, because of the inability of the Greene company to pay its men, Mr. Proctor was rewarded by reaping a fortune.

Why he keeps his home in Cananea, he spends most of his time on the ranges owned by the Cattle company. In speaking about the San Rafael ranch, near Nogales, which the Greene company bought from the Camerons, Mr. Proctor said that the feed was plentiful and that the water supply had kept up, consequently the cattle are in fairly good condition. The Greene company will ship a train load of stock north within a very short time.

breaking it. He was at once raised to the surface and taken to the hospital, where Dr. Dysart took charge of the case. All that could be done for the injured man was done, but his condition is very serious, his lower extremities being paralyzed. Gannon is a popular man in town, and it is sincerely hoped that he may recover. At the last report from the hospital he was resting easily.

Tom Cassidy, at about the same time that Gannon was injured, received an injury from an oil tank car jumping the track at the Gardner, that may prove fatal. Cassidy was on the car toward the side next to the Gardner dump. When the car jumped the track Cassidy went with it, and was thrown under the tank and very seriously injured. Just how bad the injury is is not yet known, as internal wounds may develop. He was reported as resting comfortably last night, from the hospital.

PACKING HOUSE STRIKE Settled by Arbitration STRIKERS ARE TO WORK

Chicago, July 20.—The strike of the packing house employees begun nine days ago, and which has demoralized the packing industry throughout the country, was settled here tonight at a conference between the representatives of the packers, officials of the Meat Cutters Union, and representatives of all the allied trades employed at the stock yards.

The whole controversy will be submitted to a board of arbitration, both sides agreeing to abide by whatever decision this board may reach. Pending the decision of the arbitration board, the men will be taken back to work as rapidly as possible by the packers, and it is agreed by the packers that all old employees are to be reinstated within forty-five days from the date work is resumed. If any of the former employees are still unemployed at the expiration of that time, such persons are to have the privilege of submitting their cases to the arbitration board for settlement.

The strikers will return to work as soon as they can be notified of the peaceable adjustment of the trouble, and it is expected that by Friday morning everything will be in normal shape at all places in the different cities where the employees were on strike.

President M. J. Donnelly, the strike leader, communicated tonight with the leaders of the strikers in outside cities, and notified them that a satisfactory settlement had been reached, and directed the strikers return to work as soon as possible.

The settlement of the difficulty by arbitration was brought about by the allied trades at the stock yards, who would become involved in the controversy if it continued much longer. Representatives of these unions, which represent about 14,000 men, got together yesterday and sent a final appeal to the packers asking for a three-sided conference to day between the packers, strikers and themselves, in a final effort for some kind of an agreement which would prevent the strike spreading to affiliated unions. This appeal of the allied trades unions received a favorable response from the packers, and today's conference was the result.

The agreement reached at tonight's conference was practically the same as the proposition made last Saturday to the packers by Donnelly, the only difference being that in Saturday's communication Donnelly insisted that the strikers be all taken back within a few days. The packers refused this, although they accepted every other demand made by Donnelly. When the men return to work it will be under exactly the same conditions as prevailed before the strike was declared, with the exception that the question of the wage scale is to be decided by arbitration.

English Editorials Arousing Old-Time Russian Hatred

St. Petersburg, July 20.—The news that Great Britain has delivered to Russia a protest against the capture of the Peninsula and Oriental steamer Malacca in terms which are believed to be tantamount for the immediate release of the vessel, as well as a general protest against the action of the Russian volunteer fleet steamers in stopping ships in the Red Sea is not generally known here tonight, but this morning's editorial broadside from the London newspapers, reprinted here this afternoon was a sufficient warning of the state of British mind, and the public became greatly excited. In the hotels and restaurants nothing excepting the possibility of complications with Great Britain was talked, and the old resentment against Great Britain, which had been much ameliorated of late, became revived at the mere suggestion that that country was seeking to balk Russia.

An unyielding attitude on the part of Great Britain at this time, in view of the deep seated and long standing enmity existing in Russia against her, which is now likely to be revived with all intensity, would be exceedingly unfortunate. It would greatly aggravate the situation, and diplomats, with one accord, deprecate the talk of serious international complications. All embassies and legations telegraphed the news to their governments, and tonight the wires between St. Petersburg and Port Said are hot with messages.

Judge O'Brien's Successor To Be Appointed Today

O'BRIEN'S RESIGNATION IN EFFECT YESTERDAY—THE APPOINTING BOARD MEETS THIS MORNING TO NAME SUCCESSOR.

(Special to Review.)

Tombstone, July 21.—Yesterday the resignation of Probate Judge O'Brien went into effect. This morning the appointing board will meet and name his successor. The appointing board is Chairman Bowen, of the Supervisors, County Treasurer Scribner, and Recorder Hare. Recorder Hare is in California, and Bowen and Scribner will act. Who will be the appointee is hard to tell. Attorney Goodbody is one of the prominent candidates for the position, as is also A. W. Howe, both of Tombstone.

Douglas Tenderloin District To Have a Thorough Cleaning Out

Last evening Inspector Murphy, now stationed at Douglas, was in Bisbee. He said that the immigration laws are to be rigidly enforced on the border. The head tax on all foreigners, not Mexicans or Canadians, will be collected strictly according to the letter of the law.

Mr. Murphy will make a thorough inspection of the tenderloin district of Douglas, and all of the Mexican inmates of those dives who have not resided in the United States for three or more years will have to return to Mexico. The law is very plain on this matter, and it will be enforced. All of the Mexican women who attempt to cross the line from Agua Prieta for the purpose of entering the red light district will be turned back and not allowed to come into this country.

The Parker Boom IS NOW ALARMING THE Republican Party

REPUBLICAN LEADERS ARE GETTING READY TO MAKE THOROUGH CANVASS.

Odell, Platt, and Cortelyou to Work on the Still Hunt for Votes for Their Favorite, Teddy—A Friend's Letter.

New York, July 20.—Alarmed by the strength of the Parker boom, the Republican managers, both national and state, have started off on a genuine, old-fashioned still hunt to carry the country for Roosevelt.

George B. Cortelyou, chairman of the Republican National Committee, was unable to get out of town yesterday, as he had planned, because his expected conference with Senator Thomas C. Platt had to be postponed until today. Mr. Cortelyou conferred with National Committeeman William L. Ward, of New York; Treasurer Cornelius N. Bliss, of the National Committee, and other Republicans.

Governor Odell, who also spent a busy day holding conferences, hurried down to Manhattan Beach late in the afternoon, and spent the evening with Senator Platt.

A lot of Republican statesmen dropped in to the party headquarters in the Fifth Avenue Hotel. They looked in vain for Governor Odell at his desk on the first floor, where all state chairmen have sat for a dozen years. The Governor has taken room 29 on the second floor.

Senator Platt gave out a letter from a friend which, he declared, expressed his views exactly. His friend predicted that Parker will meet a worse fate than poor old Greely, if he remains on the ticket.

Judith To Be Tried Friday in Bisbee

YOUNG MAN IS CHARGED WITH STEALING THE CLOTHES THAT CAUSED THE TWO DEATHS IN NACO RECENTLY.

Bert Judith, the young man who a short time ago was sentenced to pay a fine of \$200 or serve 200 days in jail, by Judge Greaves, of Naco, for stealing the suit of clothes that caused the gun fight between Otto Moore and Bonnhauer, will be tried Friday morning at 10 o'clock in Judge McDonald's court on a charge of petty larceny for stealing the clothes. The case is brought from Naco court on a charge of venue. Judith was liberated from the county jail after the first trial on a habeas corpus proceedings, brought by his attorney, John McGowan, of this city.

Judith is now at liberty on a \$200 bail bond furnished by Deputy Porter McDonald and Lem Overlock. Mrs. Judith, mother of the young man, arrived last evening from her home in the Gila valley and secured McDonald and Overlock in their bond. Judith was brought from Naco to Bisbee last night by Deputy McDonald. Attorney McGowan will defend Judith at his trial Friday.

Chinks Were Arrested—Two Chinks, who were arrested Tuesday night in Bisbee by an officer from Naco for being in the United States illegally, will have their examination before U. S. Commissioner Cassidy, July 27, at 2 o'clock p. m. One of the Chinks gave bail at once, and the other one was held in jail.

Last evening two San Pedro Chinese ranchers arrived in town with the certificate of the Chinaman that was in jail. He will have to stand the examination, however, and prove to the satisfaction of the commissioner that his certificate is not a counterfeit. The bail of each prisoner was set at \$500.

GRAHAM CASE MAY BE PASSED

ATTORNEYS FOR THE DEFENSE WILL MOVE THAT THE CASE BE POSTPONED.

THORNQUIST SENTENCE

Puts the Defendant in Good Humor, and He Talks Glibly With His Jailer—Ranger Kidder Fined Fifty Dollars, and Appeals.

(Special to Review.)

Tombstone, July 20.—An effort will be made by the attorneys for Dayton Graham tomorrow morning to secure a postponement of his case until the next term of court on a showing that several important witnesses for the defense are absent.

The motion will be argued as soon as court convenes, and will be resisted by the prosecution.

The entire day was consumed in the trial of W. A. Hart, deputy sheriff, on a charge of murder of Eph Smith, at Douglas, July 5, 1903. The principal witness for the defense was Dayton Graham, who testified that he fired the shot that killed Smith, and that Hart was innocent. Graham testified in brief that he met Hart on the streets of Douglas, on July 5, and asked him if he had a gun. Hart replied that he had not, and Graham told him to go and arm himself and come with him, that he knew where the man was who killed Vaughan and wounded himself. In answer to the question, "Is it not a fact, Mr. Graham, that at the preliminary hearing, you testified that you went in the Mechanics' Saloon on that day to kill Smith?" Graham replied that at the preliminary hearing he was greatly excited, and did not remember that he had so testified.

The jurors who sat on the Hart case were: J. M. Edgar, James Gasson, E. Williams, W. F. Donovan, J. H. Jack, F. E. Johnson, Ike Ives, Wm. Jeffries, R. M. George, E. B. McDonald, A. F. Buchanan, Wm. Dawson.

The case was given to the jury at 5 p. m., and remained out until 6:30, when they returned into open court and rendered a verdict of not guilty.

When Justice Court opened this morning Ranger Kidder was present, and was represented by Attorney Baker. Justice Wardwell announced that the judgment of the court was that he pay a fine of \$50 for assault upon Fagan in Bisbee. The case against the ranger for assault upon Graham was dismissed on account of witnesses for the prosecution not being present. Kidder must answer another charge for assault upon Radebush. This case will come up before the grand jury. Attorney Baker gave notice of appeal from the judgment of the Justice Court to the District Court.

Thornquist, the Swede, who was on yesterday convicted of murder in the second degree, was today sentenced to serve fifteen years in the penitentiary. During the time of incarceration, and all through the trial, Thornquist has maintained a stolid silence. He was silent as the grave, and refused to converse with any one. Today when sentence had been pronounced, and he was led back to jail, he was all smiles and talked quite freely and in a happy vein with all of the attendants about the corridors. Thornquist will be taken to Yuma the latter part of the week.

Deputy Sheriff John Parks arrived in Tombstone this afternoon for the purpose of taking to Graham county the man named Ward who was arrested here on advices from the Graham county sheriff. It said that Ward was wanted in Jones county, Texas, on a charge of cattle stealing, and that Texas authorities are on their way now to Graham county with requisition papers. An effort was made this afternoon to secure his release on a writ of habeas corpus, but the effort proved futile.

A special venire of forty jurors will be returned into court tomorrow morning. Ten comes from Wilcox, ten from St. David, five from Benson, five from Paradise, five from Pearce and five from Tombstone. These jurors will be used in the trial of the Dayton Graham case if it is not postponed.
